Economic Development Corporations

Catalyste+ is a Canadian economic development organization. We collaborate with Indigenous businesses, governments and community organizations to strengthen capacity and advance inclusive economic growth.

Through a collaborative, consultative and coaching approach, our Catalyste+ Advisors share knowledge and expertise to assist our Indigenous clients in achieving their immediate and long-term goals.

Indigenous Economic Development Corporations play an important role in the economy. They are significant employers with a diverse range of business entities servicing various sectors. Catalyste+ Advisors work closely with Economic Development Corporations to grow their business, streamline processes and implement good governance structures.

“The program has been very helpful for us. We’ve reached out to Catalyste+ a number of times and each time we’ve had great results.”

Maureen Caisse

President and CEO of the Neyaskweyahk Group

Advancing Economic Development and Environmentally Conscious Initiatives

A Catalyste+ Advisor worked with Ermineskin Cree Nation’s Neyaskweyahk Group of Companies Inc. (NGCI) to build a solar power generation facility in its community. The assignment was to identify the corporation’s capacity and provide support with writing a successful funding application.

The collaborative work led to the acceptance of the proposal. The largest on-reserve solar power generation facility in Alberta will be built and 100% owned by the First Nation.
