[RBC Future Launch](#): RBC Future Launch is a 10-year \$500 million commitment to help Canadian youth prepare for the jobs of tomorrow. We are moving beyond financial investment by engaging the public and private sectors to further understand the issue and make a significant impact on the lives of young Canadians. RBC Future Launch is a catalyst for change-bringing people together to co-create solutions so young people are better prepared for the future of work.

[RBC Youth Mental Well-being Project](#): We fund programs that address youth and family's immediate need to access mental health services, a critical area identified by parents, youth and experts in the field. We will also consider supporting other programs that increase access to care if they are collaborative, have proven results and can demonstrate successful outcomes. We will prioritize granting for programs that increase collaboration across service providers to reduce fragmentation. Our hope is that our funding will help achieve integration not just within the mental health system, but between the mental health and general health systems. We also prefer to fund programs that do not duplicate services provided by other organizations.
